

Don't Compromise... Optimize

The last year has been an exciting time at Lienetics Ranch and Willer Timber Ridge: we've entered into a strong partnership; the new calf crop is underway with exciting genetics on top of our proven dams; and our joint bull sale is coming **March 10 at Beatrice, NE!**

Trevor and Ted's partnership began through an introduction from Bill Rishel that led to a program focused on our **"no compromise" commitment to Growth + Carcass + Efficient Female Genetics + Cow Families with Longevity.**

We've both evaluated that commitment and the female by placing the sons of these *"Bull Maker Moms"* into the most demanding and nationally prominent bull tests: Midland Bull Test (MBT) in Montana and the Indiana Bull Evaluation Program (IBEP) in Indiana. We began testing bulls in 1996...over 20 years of proving the females in our herd!

- Ted had the #2 ADG bull at MBT in 2009 and then the #2 ADG get-of-sire at MBT in 2010.
- Trevor had the Champion ADG bull at MBT in 2012.
- Ted had the Champion ADG bull, over all breeds, in 2015 (that group included 10 WTR bulls that had an ADG ratio of 114!)
- Ted had the #1 Carcass Bull and the #1 Performance Index bull at IBEP in 2016.

For over a decade we have consistently been **in the top tier** at both bull tests! These proven *"Bull Maker Moms"* provide you the **confidence to buy** Lienetics Ranch and Willer Timber Ridge bulls to advance your program.

A Very Special and Unique Offering in this Sale

WTR Payweight of Pride 725, Lot 5, a direct son of the Pathfinder donor dam B/R Pride 1551 by Basin Payweight 1682... his half brother, B/R Nationwide 69, sold for \$110,000 and his half sister, B/R Pride 618 sold for \$60,000 in 2017.

B/R Pride 1551 possesses a lineage for greatness. She is sired by one of the great power bulls in the history of the Rishel program, B/R 65R Genesis. The cow family behind 'Genesis' reads like a who's who in the Angus breed... Outstanding carcass and growth!

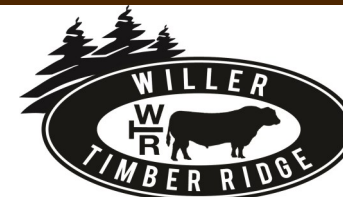

Check out the offering. **80% of the bulls in the sale meet the standard set by CAB and over 40% qualify for 'Top Dollar Angus' premiums.** We add to that by having a buy back assistance program on calves sired by these bulls. The discriminating cattleman will find a rock solid set of bulls ready to go to work in your program. **Satisfaction guaranteed...buy with confidence.**
